

Allgunnen – a home away from home

**Planning dialogue: Wednesday the 8th of July at 13:00, outside Allgården in Allgunnen.**

Högsby municipality wish to develop Aboda Klint with more holiday homes in the area bordering Aboda Klint and Aboda village. The area has strong qualities in natural beauty and diversity, tranquility and the hilltop café, which we think can be attractive for more visitors. But how do you who currently spend your vacations in Allgunnen feel about the area? What drew you there, and makes you want to come back year after year? What is important to preserve, and what could be improved?

We want to hear your opinions, as a visitor or part time resident in Allgunnen, about these questions. We hope you'll want to share your experience so we can make better and more well informed plans for the future of Allgunnen and Aboda Klint. The dialogue will take place outdoors and in English, in the form of a walk through Allgunnen and Aboda village. We'll meet up at Allgården in the centre of Allgunnen at 13:00 on the 8th of July. If you have any questions regarding the dialogue, you can contact Emil Stille on (+46) (0) 491-291 09. *(If you have cold-like symptoms, please stay at home!)*

***Welcome!***
